The card 'Seize the Soul' is an Instant spell. The top border is dark with a light-colored title bar containing the name 'Seize the Soul' in a serif font. To the right of the title is a mana cost of two black mana (represented by two skull icons) and a small skull icon. The central illustration depicts a pale, emaciated, and somewhat grotesque humanoid figure with long, thin limbs and a gaunt face. The figure is shown in a dynamic, almost dancing pose, with one leg raised and arms outstretched. A bright, golden-yellow, ethereal energy or spirit is being pulled into the figure's chest area, creating a glowing effect. The background is dark and atmospheric, with some architectural elements like columns visible. Below the illustration is a light-colored text box with a dark border. It contains the card type 'Instant' in a bold, serif font, followed by the text: 'Destroy target nonwhite nonblack creature. Put a 1/1 white Spirit creature token with flying into play.' Below this is the keyword 'Haunt' in a smaller font, followed by the triggered ability: 'When the creature Seize the Soul haunts is put into a graveyard, destroy target nonwhite nonblack creature. Put a 1/1 white Spirit creature token with flying into play.' At the bottom left of the card is the artist's signature 'Aleksi Bričlov' next to a small, stylized signature icon. The bottom border of the card is dark with a repeating pattern of small, glowing blue and white elements. In the bottom right corner, there is small text: 'TM & © 1997-2006 Wizards of the Coast, Inc. 01/105'.
