Blurry Visionary 3

Creature — Human Wizard

When Blurry Visionary enters the battlefield, look at the top two cards of your library and put them back-to-back in the same sleeve with either card in front. They become a modal double-faced card for the rest of the game. Then put that card into your hand. *(You can play either face of that double-faced card. Make sure to reset it when the game ends.)*

TEST CARD - Not for constructed play 3/2
